II/15 Quantity of Water Supplied to a consumer

- (1) For the purpose of assessing the quantity of water supplied through a meter to a consumer over a specified period, it shall be deemed, unless the contrary can be proved, that —

- (4) Die bedrag op 'n rekening wat gelewer word vir water wat aan 'n **verbruiker** voorsien is, is verskuldig en betaalbaar op die betaaldatum wat op die rekening vermeld word.

- (5) Indien 'n **verbruiker** ontevreden is oor 'n rekening wat gelewer word vir water wat deur die **Raad** aan hom voorsien is, kan hy, vóór die betaaldatum wat daarop vermeld word, skriftelike beswaar teen die rekening aanteken en sy redes vir sodanige ontevredenheid uiteensit:

Met dien verstande dat die aanteken van 'n beswaar 'n **verbruiker** nie daartoe geregtig maak

om die betaling sonder die skriftelike toestemming van die **gemagtigde verteenwoordiger** uit te stel nie.

- (6) Indien 'n **verbruiker** water gebruik vir 'n gebruikskategorie anders as dié waarvoor dit deur die **Raad** voorsien word en as gevolg daarvan nie vorderings hoef te betaal vir water wat aldus gebruik word nie, of vir die water 'n vordering moet betaal teen 'n koers wat laer is as dié wat hy behoort te betaal, is hy aanspreeklik vir die bedrag wat aan die **Raad** verskuldig is ooreenkomsdig die **voorgeskrewe vorderings** ten opsigte van —

(a) die hoeveelheid water wat hy na die mening van die **Raad** verbruik het en waarvoor hy geen vorderings betaal het nie; of

(b) die verskil tussen die koste van die water deur hom verbruik teen die koers waarteen hy 'n vordering betaal het en die koste van die water teen die koers waarteen hy 'n vordering moes betaal het.

II/17 Wysigings van voorgeskrewe vorderings vir water voorsien

Indien wysigings van die **voorgeskrewe vorderings** vir water voorsien in werkung tree op 'n datum tussen die lesing van meters, word daar, met die doel om 'n rekening ten opsigte van die vorderings te lever, geag dat dieselfde hoeveelheid water in elke tydperk van vier en twintig uur tydens die tussenpoos tussen die meterlesings voorsien is.

II/18 Geen vermindering van bedrag betaalbaar in die geval van watervermorsing of 'n onopgespoorde lekkasie nie

'n **Verbruiker** is in geen omstandighede geregtig op 'n vermindering van die bedrag wat betaalbaar is vir water wat aan hom voorseen is nie.

II/19 Vorderings, met die uitsondering van dié ten opsigte van water verbruik

Behoudens die bepalings van artikel 243(1) van die Ordonnansie op Plaaslike Owerhede, 1974 (Ordonnansie 25 van 1974), kan die **Raad**, benewens die **voorgeskrewe vorderings** vir water verbruik, enigeen van die volgende vorderings voorskry en hef:

- (a) 'n Maandelikse vordering betaalbaar deur die **eienaar** ten opsigte van 'n **perseel** wat na die mening van die **gemagtigde verteenwoordiger** redelikerwys by die **water-toevoerstelsel** aangesluit kan word maar nie so aangesluit is nie. Sodanige vordering is verskuldig vanaf 'n datum wat deur die **gemagtigde verteenwoordiger** vasgestel word tot en met die datum van die ooreenkoms waarna in artikel II/2(3) verwys word.

- (b) 'n Vordering betaalbaar deur die **verbruiker** ten opsigte van elke **verbindingsspyp** of meter wat deur die **Raad** verskaf word om die **perseel** te bedien wat deur hom geokkuper word, ongeag of water aan hom voorsien is, al dan nie. Sodanige vordering is verskuldig vanaf die datum van die ooreenkoms waarna in artikel II/2(3) verwys word.

- (c) 'n Maandelikse vordering betaalbaar deur 'n **verbruiker** ten opsigte van 'n minimum hoeveelheid water, ongeag of sodanige hoeveelheid water werkelik aan hom voorsien is, al dan nie.

II/20 Water voorsien uit Raad se brandkranse

- (1) Die **gemagtigde verteenwoordiger** kan 'n tydelike water-toevoer uit een of meer brandkranse wat deur hom bepaal word, toestaan.

- (5) If a consumer is dissatisfied with an account rendered for water supplied to him by the Council he may, prior to the date stipulated therein, object in writing to the account setting out his reasons for such dissatisfaction:

Provided that the lodging of an objection shall not entitle a consumer to defer payment except with the written consent of the authorised delegate.

- (6) If a consumer uses water for a category of use other than that for which it is supplied by the Council and is in consequence not charged for water so used, or is charged for the water at a rate lower than that at which he should be charged, he shall be liable for the amount due to the Council in accordance with the prescribed charges in respect of —

- (a) the quantity of water which in its opinion he has used and for which he has not been charged; or
- (b) the difference between the cost of the water used by him at the rate at which he has been charged and the cost of the water at the rate at which he should have been charged.

II/17 Amendments to prescribed charges for Water Supplied

II/18 No Reduction of Amount Payable if Water Wasted or Leakage Undetected

A **consumer** shall not under any circumstances be entitled to a reduction of the amount payable for water supplied to him.

II/19 Charges other than for Water Consumed

Subject to the provisions of section 243(1) of the Local Authorities Ordinance, 1974 (Ordinance 25 of 1974) the **Council** may, in addition to the **prescribed charges** for water consumed, prescribe and levy any of the following charges.

- (2) A person who desires a temporary supply of water referred to in subsection (1) shall make application therefor on the prescribed form in terms of section II/2.

- (3) Water wat ingevolge subartikel (1) voorsien word, moet deur 'n meter gevoer word en die meter, asook die bybehorende apparaat wat vereis word ten einde dit aan 'n brandkraan te kan koppel, word deur die Raad verskaf en bly die eiendom van die Raad.

- (5) Indien die gemagtigde verteenwoordiger vereis dat 'n beampie in beheer moet wees van die meter wat ingevolge subartikel (3) verskaf word, moet die verbruiker die voorgeskrewe vordering vir die teenwoordigheid van die beampie betaal.
- (6) Indien die gemagtigde verteenwoordiger nie vereis dat 'n beampie ingevolge subartikel (5) in beheer moet wees nie, moet 'n verbruiker aan wie 'n meter en bybehorende apparaat ingevolge subartikel (3) verskaf word —
- so 'n meter bewaar en is hy verantwoordelik vir die juiste gebruik daarvan;
 - die meter onverwyld terugbesorg indien dit beskadig of defektfie raak;
 - die meter vóór die sewende dag van elke maand of met sodanige ander tussenpose as wat die gemagtigde verteenwoordiger kan voorskryf vir leesdoeleindes beskikbaar stel op 'n plek wat deur die gemagtigde verteenwoordiger aangewys word; en
 - die meter en apparaat by die beëindiging van die voorstiensooreenkoms aan die Raad terugbesorg.
- (7) Die verbruiker moet, benewens om te betaal vir die water wat deur die Raad aan hom voorsien word, die voorgeskrewe vordering betaal vir die gebruik van 'n meter wat aan hom verskaf word.
- (8) (a) Indien 'n verbruiker versuim om aan subartikel 6(b), (c) of (d) te voldoen, kan die Raad aan hom 'n rekening lever vir die hoeveelheid water wat na die oordeel van die gemagtigde verteenwoordiger sedert die laaste lesing van die betrokke meter aan hom voorsien is. Sodanige hoeveelheid word gegrond op die maksimum bedoelde vloeisnelheid van die meter in ononderbroke gebruik oor 'n tydperk van 8 uur per dag, vyf dae per week of op sodanige stadiger snelheid of korter tydperk as wat die gemagtigde verteenwoordiger as toepaslik beskou.
- (b) Die vordering waarna in paragraaf (a) verwys word, word ononderbroke gehef totdat die verbruiker 'n meter en bybehorende apparaat terugbesorg, of die Raad skriftelik in kennis stel dat hy dit nie kan doen nie.
- (c) Ondanks die bepalings van paragrawe (a) en (b) moet die Raad, indien 'n verbruiker die meter in 'n werkende toestand en met die seël daarvan nog heel terugbesorg nadat hy ingevolge paragraaf (a) vorderings vir water moes betaal, die bedrag gevorder aanpas sodat dit die koste van die water wat werklik aan hom voorsien is, verteenwoordig.
- (9) Indien 'n verbruiker aan wie water ingevolge subartikel (1) gelewer word —
- water ontrek uit 'n brandkraan wat nie deur die gemagtigde verteenwoordiger bepaal is nie;
 - water uit 'n brandkraan onttrek of ontrek het sonder dat dit deur 'n meter gevoer is; of
 - versuim om aan enige van die bepalings van subartikel (6) te voldoen,
- kan die Raad sy voorstiensooreenkoms onverwyld beëindig.

- (3) Water supplied in terms of subsection (1) shall pass through a meter and the meter together with the appurtenant apparatus required to enable it to be connected to a hydrant shall be provided by the Council and remain its property.

- (8) (a) If a consumer fails to comply with subsection 6(b), (c) or (d), the Council may render an account to him for a quantity of water deemed by the authorised delegate to have been supplied to him since the last reading of the meter concerned, basing such quantity on the maximum designed rate of flow of the meter in continuous use over a period of 8 hours per day for five days per week or on such lesser rate or period as the authorised delegate deems appropriate.
- (b) The charge referred to in paragraph (a) shall continue to be levied until the consumer returns a meter and appurtenant apparatus, or notifies the Council in writing that he is unable to do so.
- (c) Notwithstanding the provisions of paragraph (a) and (b), if a consumer returns the meter in working order and with its seal intact after being charged for water in terms of paragraph (a), the Council shall adjust the amount charged to the cost of the water actually supplied to him.
- (9) If a consumer to whom water is supplied in terms of subsection (1) —
- takes water from a hydrant which is not specified by the authorised delegate;
 - is found to be taking, or to have taken, water from a hydrant without its passing through a meter; or

II/21 Herverkoop van water deur die Raad voorsien

- (1) Geen verbruiker wat ingevolge hierdie verordeninge van water voorsien word, mag sodanige water verkoop nie, tensy voorsiening daarvoor gemaak is in 'n spesiale ooreenkoms waarna in artikel II/13 verwys word, of hy vooraf die skriflike toestemming van die **Raad** verkry het om dit te kan doen.
- (2) Indien die **Raad** die toestemming verleen waarna in subartikel (1) verwys word, kan hy die maksimum prys bepaal waarteen die water verkoop kan word en sodanige ander voorwaardes stel as wat hy goeddink.
- (3) Die toestemming waarna daar in subartikel (1) verwys word, kan te eniger tyd teruggetrek word.

II/22 Defektiewe meters

- (1) Indien 'n **verbruiker** rede het om te glo dat 'n meter wat gebruik word om water te meet wat deur die **Raad** aan hom voorsien word, defektief is, kan hy, by betaling van die **voorgeskrewe vordering**, op die voorgeskrewe vorm aansoek doen dat die meter getoets word.
- (2) Die **voorgeskrewe vordering** waarna in subartikel (1) verwys word, word —
 - (a) deur die **Raad** teruggehou indien daar ingevolge subartikel (3) of (4) bevind word dat die meter nie defektief is nie; of
 - (b) aan die aansoeker terugbetaal indien daar ingevolge genoemde subartikels bevind word dat die meter defektief is.
- (3) 'n Meter waarop die regulasies in verband met watermeters wat ingevolge die Wet op Handelsmetrologie, 1973 (Wet 77 van 1973), afgekondig is, van toepassing is, word as defektief beskou indien, wanneer dit ooreenkomsdig sodanige regulasies getoets word, daar gevind word dat dit 'n persentasiefout wat betrefoorregistrasie of onderregistrasie het wat groter is as dié wat toegelaat word ten opsigte van 'n meter wat ingevolge genoemde regulasies in gebruik is.
- (4) 'n Meter waarop die regulasies waarna in subartikel (3) verwys word, nie van toepassing is nie, word as defektief geag indien daar gevind word dat dit 'n persentasiefout ten opsigte van oor- of onderregistrasie het wat 5% hoër as enige van die volgende vloeisnelhede is, wanneer dit by die volgende persentasies van die ontwerpmaaksimum vloeisnelheid daarvan getoets word:
 - (a) Minstens 75%;
 - (b) tussen 50% en 55%; en
 - (c) hoogstens 20%.

II/23 Aanpassing van hoeveelheid water aan 'n verbruiker voorsien deur 'n defektiewe meter

- (1) Indien daar ingevolge artikel II/22(3) of (4) bevind word dat 'n meter defektief is, kan die **gemagtigde verteenwoordiger** die hoeveelheid water bereken wat voorsien is aan die **verbruiker** gedurende die tydperk wat sodanige meter, na die mening van die **gemagtigde verteenwoordiger**, defektief was. Dit word gegronde op die gemiddelde daaglikske hoeveelheid water wat aan hom voorsien is oor —
 - (a) 'n tydperk tussen twee opeenvolgende meterlesings ná die vervanging van die meter; of
 - (b) 'n tydperk gedurende die voorafgaande jaar wat ooreenstem met die tydperk waartydens die meter defektief was; of
 - (c) 'n tydperk van drie maande ná die vervanging van die meter, welke tydperk die **gemagtigde verteenwoordiger** ook al as die toepaslikste beskou.
- (2) Indien die hoeveelheid water wat aan 'n **verbruiker** voorsien is gedurende die tydperk waartydens sy meter defektief was, nie ingevolge subartikel (1) bereken kan word nie, kan die **gemagtigde verteenwoordiger** sodanige hoeveelheid op enige grondslag tot sy beskikking bereken.

II/24 Aanpassing van 'n rekening indien 'n meter defektief is

- (1) Die aanpassing van die rekening van 'n **verbruiker** wat vorderings betaal het vir water wat deur 'n defektiewe meter voorsien is, geskied oor 'n tydperk wat ingevolge artikel II/23(1) bepaal word.

II/21 Resale of Water Supplied by Council

- (1) No consumer who is supplied with water in terms of these bylaws shall sell such water unless provision has been made therefor in a special agreement referred to in section II/3, or he has obtained the prior written permission of the **Council** to do so.
- (2) If the **Council** grants the permission referred to in subsection (1) it may stipulate the maximum price at which the water may be sold and impose such other conditions as it deems fit.
- (3) Permission referred to in subsection (1) may be withdrawn at any time.

II/22 Defective Meters

- (1) If a **consumer** has reason to believe that a meter used for measuring water supplied to him by the **Council** is defective he may, against payment of the **prescribed charge**, make application on the **prescribed form** for the meter to be tested.
 - (2) The **prescribed charge** referred to in subsection (1) shall be —
 - (a) retained by the **Council** if the meter is found in terms of subsection (3) or (4) not to be defective; or
 - (b) refunded to the applicant if the meter is found in terms of those subsections to be defective.
 - (3) A meter to which the regulations relating to water meters published under the Trade Metrology Act, 1973 (Act 77 of 1973) are applicable, shall be deemed to be defective if, when tested in accordance with such regulations, it is found to have a percentage error in over-registration or under-registration greater than that permitted for a meter in use in terms of those regulations.
 - (4) A meter to which the regulations referred to in subsection (3) are not applicable, shall be deemed to be defective if, when tested at the following percentages of its designed maximum rate of flow:
 - (a) not less than 75%;
 - (b) between 50% and 55%; and
 - (c) not more than 20%.
- it is found to have a percentage error in over-registration or under-registration greater than 5% at any one of the said rates of flow.

II/23 Adjustment of Quantity of Water Supplied to a consumer through a Defective Meter

- (1) If a meter is found to be defective in terms of section II/22(3) or (4) the **authorised delegate** may estimate the quantity of water supplied to the **consumer** concerned during the period in which, in the opinion of the **authorised delegate**, such meter was defective, on the basis of the average daily quantity of water supplied to him over —
 - (a) a period between two successive meter readings subsequent to the replacement of the meter; or
 - (b) a period in the previous year corresponding to the period in which the meter was defective; or
 - (c) a period of three months subsequent to the replacement of the meter.
- whichever the **authorised delegate** considers most appropriate.
- (2) If the quantity of water supplied to a **consumer** during the period when his meter was defective cannot be estimated in terms of subsection (1), the **authorised delegate** may estimate such quantity on any basis that is available to him.

II/24 Adjustment of an Account If a Meter is Defective

- (1) The adjustment of the account of a **consumer** who has been charged for water supplied through a defective meter, shall be made over the period determined in terms of section II/23(1).

- (2) Met die doel om 'n rekening ingevolge subartikel (1) aan te pas, word daar geag dat dieselfde hoeveelheid water vir elke tussenpoos van vier en twintig uur voorsien is gedurende die tydperk waarna in subartikel (1) verwys word.

II/25 Waterbeperkings

- (1) Behoudens die Minister van Plaaslike Regering en Behuisings vooraf verkreeë goedkeuring kan die Raad, by wyse van 'n kennisgewing —
- (a) die verbruik of gebruik van water in die geval van die onderstaande verbied of beperk:
 - (i) Vir bepaalde doeleindes of behalwe vir bepaalde doeleindes;
 - (ii) gedurende bepaalde ure van die dag of op bepaalde dae of behalwe gedurende bepaalde ure van die dag of op bepaalde dae; en
 - (iii) op 'n bepaalde wyse of behalwe op 'n bepaalde wyse;
 - (b) die onderstaande bepaal en ople:
 - (i) Perke op die hoeveelheid water wat oor 'n bepaalde tydperk verbruik mag word;
 - (ii) vorderings bykomend tot dié wat voorgeskryf word ten opsigte van die voorsiening van water bokant 'n perk soos in subparagraph (1) bedoel; en
 - (iii) 'n algemene toeslag op die voorgeskrewe vorderings ten opsigte van die voorsiening van water; en
 - (c) beperkings of verbodsbeplings stel rakende die gebruik of gebruikswyse of die opstelling van 'n toestel deur middel waarvan water gebruik of verbruik word, of op die koppeling van sodanige toestelle aan die waterinstallasie.
- (2) Die Raad kan die toepassing beperk van die beplings van 'n in subartikel (1) bedoelde kennisgewing vir bepaalde gebiede en verbruikerskategorieë, persele en werksaamhede en voorsiening maak vir awykings en vrystelling, asook die verslapping van enigeen van die beplings, en dit toelaat, op sodanige gronde as wat hy goeddink.
- (3) Die gemagtigde verteenwoordiger kan —
- (a) sodanige stappe, met inbegrip van die installering van meettoestelle en toestelle om die vloei van water te beperk, asook meettoestelle wat na sy mening nodig is om voldoening te verseker aan 'n kennisgewing wat ingevolge subartikel (1) gepubliseer word, doen of by wyse van 'n skriftelike kennisgewing van 'n verbruiker vereis om sodanige stappe op eie koste te doen; of
 - (b) in die geval van 'n oortreding van of versium om te voldoen aan die voorwaarde van 'n kennisgewing wat ingevolge subartikel (1) gepubliseer word, die watervoeर na 'n perseel of op die perseel afsny of vir sodanige tydperk as wat hy goeddink, beperk, en waar die tovoer afgesluit is, word dit slegs herstel by die betaling van die voorgeskrewe vordering vir die afsny en heraansluiting van die tovoer.
- (4) Benewens die persoon deur wie se optrede of nataitigheid 'n oortreding van die beplings van 'n kennisgewing wat ingevolge subartikel (1) gepubliseer is, eintlik begaan is of daar versium is om dit na te kom, word die verbruiker ten opsigte van die perseel waaraan water voorsien word, geag die oortreding te begaan het of versium het om die beplings na te kom, tensy daar bewys kan word dat hy alle redelike stappe gedoen het ten einde te voorkom dat enige ander persoon sodanige beplings oortree of versium om hulle na te kom:
- Met dien verstande dat die feit dat so 'n verbruiker aan 'n ander persoon opdrag gegee het, nie op sigself as voldoende bewys aanvaar sal word dat hy alle sodanige redelike stappe gedoen het nie.
- (5) Die beplings van hierdie artikel is ook van toepassing op water wat regstreeks deur die Raad aan verbruikers buite sy reggebied voorsien word, ondanks enige andersluidende beplings in die voorwaarde waaraan sodanige voorsiening onderworpe is, tensy anders bepaal in die kennisgewing wat ingevolge subartikel (1) gepubliseer is.

- (2) For the purpose of adjusting an account in terms of subsection (1) it shall be deemed that the same quantity of water has been supplied in each interval of twenty-four hours during the period referred to in subsection (1).
