2. Principles and objectives

- (1) The object of this by-law is to regulate outdoor advertising in the jurisdiction of the Swartland municipality in a manner that is sensitive to the environmental quality of different parts of Swartland municipality. It seeks to strike a balance between outdoor advertising opportunities and economic development on the one hand, and the conservation of visual-, tourist-, environmental-, and heritage characteristics as well as pedestrian- and traffic safety on the other hand. It further needs to ensure that outdoor advertising respects the integrity of any site on which it is displayed, and complements the character of the locality in which it is displayed; the by-law thus aims to provide for regulations governing the use of land and buildings for outdoor advertising and signage and for matters incidental thereto.
- (2)
 - (a) The municipality, taking cognisance of the signage types and guidelines laid down in the South African Manual for Outdoor Advertising Control (SAMOAC), hereby adopts the said guidelines and signage types in this by-law;
 - (b) Advertising signage erected or placed within the municipal area must comply with the guidelines for each sign type read in SAMOAC read with the specific conditions for such signs as set out in Schedules 1–16 of this by-law.
